

St John with St Augustine CE Primary School

MOBILE PHONE POLICY Statements

This statement is used in conjunction
with the School's Acceptable Use Policy.

Parents and visitors are **not** permitted to use their mobile phones
when visiting the school. There are signs placed around school to
remind parents not to use Mobile Phones.

School plays and performances:

The policy here at our school is to allow the taking of video and photographs by parents at school events such as the school plays, class assemblies, carol services or sports days unless another parent has specifically raised a concern prior to the event. We share the following guidance with parents and this is posted on the school website. It is acknowledged that often photographs may contain other children in the background.

When taking photographs/videos we would like to clarify a few points especially with relation to social media.

- *Whenever possible limit your photographs and videos to include only your child.*
- *Videos or photographs must not be uploaded to any social media sites.eg: Facebook, Bebo, Snapchat, Twitter, Instagram.*

On admission, parents will be asked to sign the consent for photographs to be taken in school or by the media for use in relation to promoting/publishing the school.
